Top 100 U.S. Foundations by Total Giving

The list below includes the 100 largest U. S. grantmaking foundations ranked by total giving, based on the most current audited financial data in the Foundation Center's database as of October 18, 2007. Total giving figures include grants, scholarships, employee matching gifts, and other amounts reported as "grants and contributions paid during the year" on the 990-PF tax form. Total giving does not include all qualifying distributions under the tax law, e.g., loans, program-related investments, and program or other administrative expenses. Fiscal records will be updated when more recent audited financial information is obtained.
