STEPS FOR CREATING, CLAIMING AND UPDATING A PIVOT PROFILE

1. Go to COS-PIVOT.com and select “Sign up” on this page

2. This page will appear next. Fill out the information in it, hit “Create my Account” and you should get back a confirmation email and link to login to PIVOT.
3. This is the PIVOT login page. Your user name is your byu email address (xxxx_xxx@byu.edu)

4. Once you have logged in, this home page appears. Select “Profiles” to claim the profile you created and then update it with additional information relevant to your research interests.

4. This screen will appear and you can use the links on the left to 1-claim the profile you created and then 2- update it with additional information relevant to your research interests. The additional information will help PIVOT better identify funding opportunities for you.
